

Spanish Lessons

Spanish is the main language spoken in Mexico and is relatively easy to learn. You will find Mexicans friendly and eager to help you with the language. By immersing yourself in the country, culture and language, your Spanish skills are bound to improve.

Experience Mexico offers you the opportunity to go to Mexico and stay in the beautiful city of Tepic. You will combine Spanish lessons with living in a very Mexican city with few foreigners.

Tepic is located not far in land from the Pacific coast, about 3 hours north of Puerto Vallarta and is the Capital of the State of Nayarit. The city has a population of approximately 450,000 and is one of the cheapest state capitals in Mexico.

The learning Spanish project offers:

- * Spanish lessons
- * A Mexican city experience
- * Plenty of opportunity for activities in the city and travel to other parts of the country

Lessons will take place everyday at Interactive English from Monday to Friday for two hours a day and include all levels and all aspects of learning Spanish. Students will have to make their own way around Tepic on the comprehensive – if confusing – bus system.

The location of the lessons and accommodation provides for easy access to all means of communication – phone, internet and mail (though post is unreliable in Mexico). Students will also have easy access to medical care if needed and Vicente will visit regularly to provide in country support regularly.

The city itself provides for many activities. There are opportunities to do several sports, visit the cinema (most films are shown in English with Spanish subtitles – a brilliant way to learn the language), shopping and cultural activities.

Tepic also offers the opportunity to see much of the Huichol people and their arts and crafts. The indigenous people, some of whom live in the mountains around Tepic, come daily to the centre of Tepic to sell their hand made crafts.

Just outside Tepic there is the beautiful Lagoon Santa Maria and the village of Santa Maria del Oro where meteorites are fabled to have landed and can be seen. It is also easy to travel to fantastic cities such as Mazatlan and Guadalajara from Tepic.

Students will be placed either by themselves or in a group of up to 10 people, depending on the number of applications.

Accommodation will be either living with a Mexican family or in a rented house, depending on the number of students.

Term at the school starts in September and ends in late June. Ideally, students should be able to commit for 6 months or longer in order to gain enough experience of and practice in the Spanish language. However, it is up to you when you wish to start this project and for how long.
